starting from the child supports early years practitioners to be advocates for young children and their learning needs in the fourth edition of this highly influential and inspirational book julie fisher outlines the important theories and research which should underpin best early years practice she takes a robust and principled stand against downward pressure to formalise young children s learning too soon and offers practical and meaningful ways to develop high quality learning and teaching in the early years starting from the child challenges all early years practitioners to consider how to build on children s innate desire to learn

and their competence and autonomy as effective early learners how to plan environments indoors and out that make learning irresistible how to plan for high quality child initiated learning to take place seamlessly alongside learning that is adult initiated the role of the adult in supporting and extending young children s learning how daily observation of children informs and underpins planning for their individual and unique learning needs revised and updated throughout this fourth edition includes the latest research on early brain development and reference to recent government initiatives including the revised early years foundation stage starting from the child is essential reading not only for early years practitioners but for all those who manage and make decisions about early learning julie draws on her extensive work with practitioners to present the everyday realities and complexities of their practice and to sound welcome notes of caution about the ways in which policy frameworks are used the book also reflects deeply held convictions about the moral and ethical responsibilities we have to teach young children in ways that respect their extraordinary enthusiasm for learning professor elizabeth wood university of sheffield uk the title says it all julie takes the reader by the hand and says look and listen give these children your full and respectful attention and they will teach you how to be with them all the practical ideas in the book support practitioners in using their skills and knowledge to recognise early childhood as valuable in its own right to be relished and enjoyed not to be rushed through or seen merely as preparation for the next stage helen moylett early years consultant and writer julie fisher s work has been a staple of early childhood education since the first edition of starting from the child in 1996 her fourth edition does not disappoint and is a welcome development of her thinking this is a book for students teachers and other early years workers seeking to find their way through the conflicting needs of a rapidly changing area of work nick swarbrick programme lead for the undergraduate modular programme in the school of education oxford brookes university uk

covering the process of therapy from beginning to end this engaging text helps students and practitioners use play confidently and effectively with children adolescents and adults struggling with emotional or behavioral problems or life challenges with an accessible theory to practice focus the book explains the basics of different play therapy approaches and invites readers to reflect on and develop their own clinical style it is filled with rich case material and specific examples of play techniques and strategies the expert authors provide steps for building strong relationships with clients exploring their clinical issues and underlying dynamics developing and working toward clear treatment goals and collaborating with parents and teachers a chapter on common challenges offers insightful guidance for navigating difficult situations in the playroom

this book takes an inspirational look at how to foster children s creativity as well as following the guidelines in the national curriculum the book explores the nature of the creative mind investigates the role of play and the concept of creativity examines appropriate continuing professional development for teachers looks at the personal and professional identities of teachers

considers ways of analysing and describing creative practice this text looks at the bigger picture in education asking what sort of systems need to be designed to develop children's learning in the 21st century it will be a resource to teachers head teachers and advisory staff committed to asking questions encouraging play and not allowing problems or circumstances to block action

the routledge handbook of philosophies and theories of early childhood education and care brings together leading writers in the field to provide a much needed authoritative guide to the major philosophies and theories which have shaped approaches to early childhood education and care providing a detailed overview of key concepts debates and practical challenges the handbook combines theoretical acumen with specific examples to show how philosophies and theories have evolved over the centuries and their impact on policy and society it examines the ways in which societies define and make sense of childhood and the factors that influence the development of philosophies about young children and their learning the collection offers an insight into the key theorists and considers how the economics and politics of their time and personal ideology influenced their ideas about childhood it looks at curricula and provision which have proved inspirational and how these have impacted on policy and practice in different parts of the world the handbook also explores alternative and perhaps less familiar philosophies and ideas about babies and young children their place in society and the ways in which it might be appropriate to educate them bringing together specially commissioned pieces by a range of international authors this handbook will enable academics research students practitioners and policy makers to reflect on their own understandings and approaches as well as the assumptions made in their own and other societies

twenty years after gordon sturrock and the late professor perry else's colorado paper introduced the play cycle this theory of play now supports professional playwork practice training and education the play cycle theory research and application is the first book of its kind to explain the theoretical concept of the play cycle supported by recent research and how it can be used as an observational method for anyone who works with children in a play context the book investigates the understandings of the play cycle within the playwork field over the last 20 years and its future application it addresses each aspect of the play cycle metalude play cue play return play frame loop and flow and annihilation and combines the theoretical aspect of the play cycle with empirical research evidence the book also provides an observational tool for people to observe and record play cycles this book will appeal to playworkers teachers play therapists and professionals working in other contexts with children such as hospitals and prisons it will support practitioners and students in learning about play and provide lecturers and trainers with a new innovative teaching and training aide

this book examines the question of why play is a happy and benevolent verb in childhood yet a subjective label of behaviour in

adulthood it studies the transformation of the positively labelled term child s play used to refer to our early years into an aberrance or deviation from normal social relationships in later life when we speak of playing up or playing around it answers the question by proposing play as a theory of learning an ideology that circumscribes behaviour and a way of thinking written by scholars of early childhood through to further and higher education the book presents research on play enacted in a way that arches beyond the specificity of age groups or predictive normative patterns it is international in its focus moving beyond insular inward and parochial educational standards and limitations in one city province state or nation finally it demonstrates the value of play to educational policy and theories of learning

vols for 1911 13 contain the proceedings of the helminthological society of washington issn 0018 0120 1st 15th meeting
