the mark of a great coach is a constant desire to learn and grow a hunger to use whatever can make them better the best selling author of teach like a champion and reading reconsidered brings his considerable knowledge about the science of classroom teaching to the sports coaching world to create championship caliber coaches on the court and field what great classroom teachers do is relevant to coaches in profound ways after all coaches are at their core teachers lemov knows that coaches face many of the same challenges found in the classroom so the science of learning applies equally to them unfortunately coaches and organizations have a mixed level of understanding of the research and study of the science of learning sometimes coaches and organizations build their teaching on myths and platitudes more than science sometimes there isn't any science applied at all while there are thousands of books and websites a coach can consult to better understand technical and tactical aspects of the game there is nothing for a coach to consult that explicitly examines the teaching problems on the field the court the rink and the diamond until now intended to offer lessons and guidance that are applicable to coaches of any sporting endeavor including everyone from parent volunteers to professional coaches and private trainers lemov brings the powerful science of learning to the arena of sports coaching to create the next generation of championship caliber coaches

this book is for teachers and learning about using coaching skills and practices with children and young people colleagues parents and the wider

school community research into the area of coaching in schools is still relatively new however the practice of coaching in schools has been evolving over several decades this book gives insights into what coaching can look like in schools and is supported by the sharing of experiences by teachers from around the world it is a book for teachers by teachers who share how they have used coaching in their classrooms and what they have noticed because of doing so it is a collation of ideas around the use of coaching approaches and practices in schools for professional and personal development through reading this book and trying some of the ideas you will be able to further your understanding of self both personally and professionally develop coaching practices that support the development of relationships with learners colleagues and families expand your toolbox of strategies to engage children and young people in their learning through using different coaching skills develop knowledge of ways to introduce coaching practices and coaching cultures into your classroom school and your life
